

The Roof That Lasts

WHEN you put on a new roof, you don't want to have to do it over again in a few years. That is why you should get Barrett's Everlastic "Rubber" Roofing; it lasts, and lasts. Put a Barrett's Everlastic Roof on all your steep-roofed buildings.

Any one can lay this roofing; no skilled labor required; just a hammer and a ladder.

Barber Shop

Four Barbers—No Long Waits

Having acquired the services of another competent barber I have decided to give the public the benefit of a better service barber shop.

Hereafter the shop will open at 7:00 a.m. and close at 9:00 p.m. There will be two barbers to open the shop at 7:00 a.m. and work until 7:00 p.m. and two who will start to work at 9:00 a.m. and work until 9:00 p.m. In this manner we hope to give the public better service and the barbers better hours, so don't hesitate to come early or late.

Our Cigar Store

We have added a Humidor cigar wall case to our fixtures which gives additional space for handling our cigar business. Hereafter the smoker with the discriminating taste will be able to get his favorite cigar in Claro Colorado and Maduro (light, medium and dark shades). We have increased our stock with this idea in view so that the buyer who knows can get his particular smoke without extra effort.
